Dear Council Member,

You will recall that during the consultations on the Resource Allocation Framework that were held in Paris in March the Secretariat agreed to produce a series of technical notes to support further discussions on the RAF. We are now preparing a series of technical notes addressing:

1. Equations and Weights;
2. Public Disclosure of Indicators;
3. Thresholds;
4. Assessment of Climate Change Benefits;
5. Assessment of Biodiversity Benefits; and
6. Operationalization of the RAF.

I am pleased to attach the first of these notes on *Equations and Weights*. Other notes in the series will be disseminated in the coming weeks.

Sincerely,

Attachment.
