

UNIDO response to AMR 2007

1. *Full and medium-sized GEF projects which began implementation on or before June 30, 2006, and were in implementation for at least some part of FY 2007 (July 1, 2006-June 30, 2007), and projects that were operationally completed during FY 07; include the project ratings against the 6-point scale for progress towards development objectives, and implementation;*

Formally, UNIDO has no GEF projects which fit all these criteria and for which it is/was the implementing agency. However, we will report on one project that is formally an EA, but where the GEF funding is a little over 4 million dollars. See table 2.

2. *Mid-term reviews; evaluation reports (self evaluations or independent evaluations) and/or project completion reports that have been completed from July 1, 2006 through June 30, 2007; mid-term reviews, evaluation reports and/or implementation completion reports underway as of June 30, 2006, or planned through June 2007;*

UNIDO has no GEF projects which fit all these criteria and for which it was the implementing agency.

3. *Projects that are operationally closed; projects that are financially closed;*

See table “UNIDO AMR 2007 List of Projects – Operational or Financial Closure”

4. *For the GEF-3 cohort, identify expected dates for mid-term and final reviews;*

See table 2.

5. *Table 1. Co-financing (for projects which underwent a mid-term, phase or terminal evaluation in FY 07)*

UNIDO had no GEF projects which underwent a mid-term, phase or terminal evaluation in FY 2007 for which it was the implementing agency.

6. *Table 3. List of Projects under preparation*

See table 3. Please note that none of the PIFs under preparation have been included since a table on this was submitted earlier to the GEF.
